# Index for Volume 20

**JOURNAL OF MOTOR BEHAVIOR, 1988. Pages 1–80 can be found in March, Number 1; pages 81–194 in June, No. 2; pages 195–374, in September, No. 3; and pages 375–478 in December, No. 4.**

***Accuracy Constraints Upon Rapid Elbow Movements***, Corcos, D. M., 255.

***Acquiring Skill: Some Experiences***, Welford, A. T., 458.

***Adaptive Mechanisms in Perceptual-Motor Coordination: Components of Prism Adaptation***, Redding, G. M., 242.

***Adaptive Programing of Arm Movements***, Brooks, V. B., 117.

Argarwal, G. (See Corcos, D. M.).

***The Analysis of Errors in Short-Term Motor Memory Research Using Trial Profiles***, Nevill, A. M., 165.

Ball, C. T. ***The Relationship of Target and Response Complexity in Coincident Timing Performance***, 378.

Berkinblit, M. B., ***Some Problems of Motor Control***, 369.

Bolton, Y. (See Hammond, G.).

Brooks, V. B., ***Adaptive Programing of Arm Movements***, 117.

Cavallo, V. (See Laurent, M.).

Corcos, D. M., ***Accuracy Constraints Upon Rapid Elbow Movements***, 255.

Davids, K., ***Developmental Differences in the Use of Peripheral Vision During Catching Performance***, 39.

Debu, B., ***Effects of Gymnastics Training on Postural Responses to Stance Perturbations***, 273.

***Determination of Two-Choice Reaction-Time Patterns for Same-Hand and Different-Hand Finger Pairings***, Reeve, T. G., 317.

***The Development of Locomotor Coordination: Longitudinal Change and Invariance***, Roberton, M. A., 197.

***Developmental Differences in the Use of Peripheral Vision During Catching Performance***, Davids, K., 39.

***Distributed Planning of Movement Sequences***, Garcia-Colera, A., 341.

***Effects of Gymnastics Training on Postural Responses to Stance Perturbations***, Debu, B., 273.

***The Effects of Time and Distance on Accuracy of Target-Directed Locomotion: Does an Accurate Short-Term Memory for Spatial Location Exist?*** Steenhuis, R. E., 399.

Elliott, D. (See MacKenzie, C. L.).

Elvers, G. C. (See Kantowitz, B. H.).

Feldman, A. G. (See Berkinblit, M. B.).

***Fitts' Law with an Isometric Controller: Effects of Order of Control and Control-Display Gain***, Kantowitz, B. H., 53.

***The Force/Force-Variability Relationship Under Controlled Temporal Conditions***, Sherwood, D. E., 106.
